RECIPE

Homemade Dog Biscuits

Whip up a batch of homemade dog biscuits with this simple 5-ingredient recipe. Your fur-baby will love these treats made with peanut butter, flaxseed, whole wheat and beef broth! Recipe courtesy of [Kitchen Confidante](#).

INGREDIENTS

- 1 cup whole wheat flour
- 1 cup oats
- ½ cup flaxseed (see notes)
- ½ to 1 cup beef broth
- ¼ cup peanut butter

INSTRUCTIONS

1. Preheat the oven to 350° F.
2. In a medium bowl, stir together the flour, oats and flaxseed. Mix in 1/2 cup beef broth and peanut butter. Mix well, adding additional beef broth if necessary to bring the mixture together to a thick dough. Form into a ball and turn out on a lightly-floured surface.
3. Roll to about 1/4 inch thickness and cut out to desired shape.
4. Bake for about 20 minutes or until golden brown, flipping halfway.
5. Cool completely, then keep in an airtight container for about one week.

NOTES

The omega-3 fatty acids in the flaxseeds are better absorbed when ground first. While you can leave the flaxseed whole, the health benefits are much better when you take the time to grind the seeds!
